sydafrikansk bog om ørkenlagene i libyen november december 1941

shortlisted for the 2021 society for army historical research s temple medal operation crusader launched in november 1941 was the third and final british attempt to relieve the siege of tobruk and break the german and italian forces in north africa after tough initial fighting the british made important gains only to be countered by a stunning breakthrough overseen personally by Lt general erwin rommel as the british situation teetered the commander of the 8th army Lt general alan cunningham was relieved of duty by his superior general claude auchinleck this decision changed the direction of the battle and perhaps the war itself why and how cunningham was relieved has been the subject of commentary and speculation since it occurred using newly discovered evidence alexander joffe rethinks the events that brought about the sudden relief of the operation s commanding officer including insubordination the book then discusses how narratives regarding the operation were created were incorporated into british and commonwealth official and unofficial historical writing about the war and contributed to british historical memory based on a decade of archival work the book presents a new and detailed analysis of a consequential battle and importantly of how its history was written and received in the context of post war britain

official history is a misunderstood genre of historical writing which attracts much negative comment from non official historians but about which very little detail is actually known this book examines the development of official history programs in canada south africa australia and new zealand over the course of the twentieth century looking at the ways in which they developed and the contributions each made to their respective national historiography the second part of the work develops some themes from the first and takes the official histories of the second world war as case studies drawing on programs in australia britain and the united states these essays examine the relationship between the histories the historians and their sponsoring institutions they assess the impact of the histories on historical understanding of the second world war they also consider the impact that contemporary events during the cold war had on the writing of the official history

after a detailed discussion of the alamein battles july through november 1942 and rommel s retreat to tunisia ending in january 1943 watson recounts the british and american invasion of north africa and the confused web of axis command that spawned the debacle at medenine book jacket

this volume analyzes the development of tanks and traces their history from the british attack at cambrai in 1917 during world war i through the airland battle of operation desert storm in 1991 this text gives a short history of the rise and development of armored warfare in the 20th century an assessment of the significant literature on tank doctrine and an evaluation of the role of prominent commanders theoreticians and tacticians a chronology of important dates and pictures depicting major changes in tanks across the years enrich this teaching tool and reference guide for teachers and students of military history history buffs and professional soldiers

intended as a work of reference this critical bibliography is a description of the historical records published by or in the name of all the military para military and police forces which served the british empire and commonwealth it is based upon information received from 200 contributors and from contacts with 78 military libraries worldwide it gives a listing of all such books for all of the dominions colonies protectorates and mandated territories from the time of robert clive s india through to 1993
